Dear Colleagues and Friends,

It gives us immense pleasure to welcome you to IOPA's 1st Annual Conference, "Uniting Minds, Transforming Care in Orofacial Pain"

hosted by the Department of Oral Medicine, Radiology & Special Care Dentistry, Saveetha Dental College, Chennai, India's leading Dental institute, from August 21-23, 2026.

What began as a small, dedicated initiative to enhance orofacial pain care in India has grown into a dynamic professional community of over 150 members - reflecting the rising awareness, interest, and need for this specialty nationwide.

From our initial newsletters to regular monthly webinars, and now to this landmark annual conference, our journey represents a significant step forward in strengthening education, collaboration, and clinical excellence in orofacial pain. This conference, featuring esteemed national and international experts in the field of Orofacial pain and Dental Sleep Medicine, is designed to bring together dentists, physicians, physiotherapists, psychologists, sleep specialists, and allied professionals committed to multidisciplinary care.

We warmly invite you to be a part of this important gathering - to exchange ideas, foster meaningful collaborations, and contribute to shaping the future of orofacial pain management in India and beyond.

We look forward to welcoming you to Chennai.
